7) UNIFORM INFRACTIONS: Parents are hereby notified that we have been very disappointed with the large number of uniform infractions, especially among senior students. *These include very long and unruly hair of boys (kindly ensure that proper haircuts are undertaken this weekend) , long hair of girls untied, coloured and highlighted hair of girls (we have specifically reminded parents at the end of last year that this is strictly not allowed) , multiple ear piercings for girls, shorter than acceptable skirt lengths , long fingernails of both boys and girls.* Your collaboration will be greatly appreciated to this end. Parents are requested to please check on your children before they leave home in the morning. Please refer to the uniform policy. Please help us to ensure that the children wear their uniform neatly and have an overall dignified comportment.

8) STUDENT SCHOOL EMAIL ID: Your child's school email will be a focal point for our communication to you. **We will use a parent's email only to communicate outstanding fee or disciplinary issues.** The **CLASS GROUP EMAIL** has been created using the students 'official email ID for every class. This is for the dissemination of information daily from the class teacher to the parents of this class and we request parents not to write back to this address. We recommend that every parent checks this email after 6:00 pm every day for important updates.

16) PREDICTED GRADES POLICY FOR YEARS 12 & 13: We would like to remind all parents and students to carefully go through this Policy that is available on our school website. The situation that unfolded over the last few years made many children realise, albeit too late the true value of being consistent with their study habits and not waiting until the last minute before exams to prepare and study. It is always best for every child to be **CONSISTENT AND HIGHLY REGULAR** with their study and ensure that they maintain a good level of attainment across all their assessment opportunities and prepare as well as they can for their Board Examinations. This will also help them to achieve better predicted grades as every assessment and examination counts towards the calculation of the same.

17) SUBJECT CHANGE POLICY, YEARS 9 TO 13: We would like to request all parents of children in these year groups to please go through the Subject Change Policy which is available in the Parents' Info section of the school website.

18) NO DISTRIBUTION OF ANY ITEMS (cakes/ candies/ chocolate/ and even non-edible items) FOR BIRTHDAY CELEBRATIONS: Parents are reminded that while the class would be happy to sing for your child on his/her birthday, there should be STRICTLY NO DISTRIBUTION of any food/ sweets or even non-edible items like small toys etc on your child's birthday.

19) PARENTS TAKING PICTURES AND VIDEOS ON SCHOOL PREMISES: All Parents are reminded that taking pictures and videos of children on the premises is a strict violation of Child Protection Policies. We understand that as parents it is exciting to capture memories but when other children are involved, it goes against all Child Protection Policies. We will do our best to send you all memories of various activities captured in school.

20) GATE ACCESS TO THE PREMISES: Parents are requested to kindly not use the church gates to access our premises for drop off and pick up. GATE 4 and GATE 5 are the school gates to be accessed.

21) STUDENT ABSENCES MUST BE INFORMED BY PARENTS: All parents are requested to kindly inform the class teacher via email whenever a child is absent, even if it is just for one day. A simple email with the reason for the absence will suffice but is mandatory. Unaccounted for absences will be marked as unjustified and will be reflected on students' progress reports.

22) PARENTS' WHATSAPP GROUPS : While a WhatsApp group maybe very useful for *sharing important information that can be very helpful – sometimes essential – for busy parents, it has increasingly been noticed that these groups seem to have become breeding grounds for gossip, Chinese whispers and criticism. We are noticing more and more that a personal experience of a child or a staff member has become fodder for public comment, and this has extended to even the very private medical information of children being openly discussed on parent groups.* There's a broader societal issue here. This is all very new to us adults. We must reflect on the example we're setting. We talk about what our children are doing online, but we don't reflect on our own behaviour; we don't have an agreed etiquette.

We would like all parents , especially those in primary school to do some reflection on the unchecked chatter and quite often the vilifying of staff members in the parents' WhatsApp groups over the past year and ask yourself if that is truly helping you or rather creating unwanted stress.

As a school, we would like you to reach out to the teachers or to Ms. Lise-Ann (in more urgent cases) rather than allow what could be one parent's opinion or perspective or misinterpretation in many cases, cloud the perspectives of all the rest. Let us try not to micromanage the children but have more faith in their capacity for resilience and courage.

While we continue to encourage you to use emails as the official channels for communication, we would like to offer some useful guidelines for the ethical use of WhatsApp groups should parents still feel the need for them.

Groups can be used to share:

- **Reminders about deadlines, school activities, and events.**
- **Questions about school activities or special events e.g. what date the science project is due in, uniform or non-uniform day, when the deadline to pay for something is, etc.**
- **Sharing important information already posted in a circular to help reach more parents e.g. alerts about sickness, school policies, etc.**
- **Sharing information which can be useful to the other parents in the group e.g. where to buy costumes for dressing up days, ideas for projects, etc.**
- **Foster a sense of community.**
- **Sharing relevant community notices e.g. road closures or new traffic lights in the local area, etc.**

We **STRONGLY discourage** the use of the groups to:

- **Gossip.**
- **Voice grievances.**
- **Share personal problems.**
- **Point out another child's behaviour.**
- **Discuss the work of teachers: if a parent has a concern regarding the teacher, that parent should speak with him or her directly.**
- **Raise individual concerns or complaints: if a parent has a particular concern or complaint regarding the school or any member of the Staff, that issue should be raised directly with the school.**
- **Share political or religious posts or discussions.**

23) URGENT QUERIES AND CONCERNS: If you have any urgent queries and concerns, kindly send an email to our Vice Principal , Ms. Lise-Ann on l.pinto-smchs@smgeducation.org and she will get back to you. Please include your telephone number in case she needs to call you.

We take this opportunity to wish each and every one of you a safe and happy weekend.

Yours sincerely

Mr. Paul Asir Joseph
(Principal)

**To: Parents of Students in Years FOUR, SIX EIGHT & TEN ONLY –
GL CAT4 EXAMINATION- OCT - NOV 2025**

Dear Parents,

Greetings from St. Mary's Catholic High School, Dubai. It is that time of the year for our students to complete the GL Cognitive Ability Test CAT4 which is mandated by KHDA for the year groups mentioned above. As part of our commitment to the National Agenda targets, and with a view to tracking progress and identify gaps in learning, our school will participate compulsorily in the GL-CAT4 exams. GL Education, one of the leading research organizations in the world, develops this test and provides a range of Assessment services in many countries and works in close tandem with the KHDA here in Dubai. These are mandatory assessments by KHDA and feature in your Parent-School Contract as well.

The entry fee is AED 75/- for the test, the exact amount of which must be paid ONLY VIA THE SKIPLY APP NO LATER THAN 8th SEPTEMBER 2025.

Please email a copy of the SKIPLY receipt to your child's class teacher. This amount has been included in the Parent Contract as well. CAT4 is designed to assess the four main abilities that underpin intellectual development and influence attainment. It measures four areas of reasoning:

- Quantitative
- Verbal
- Non-verbal and
- Spatial, a skill important for success in STEM subjects and an ability that is not measured by any other reasoning test for schools.

CAT4 is an assessment of reasoning that helps identify pupils' developed abilities and likely academic potential. CAT4 is not about knowledge recall and requires no preparation, offering all students the same opportunity to show their underlying ability.

What is CAT4?

The Cognitive Abilities Test (CAT4) is a diagnostic assessment that is designed to help students, and their teachers understand how they learn and what their academic potential might be. It assesses how students think in areas that are known to make a difference to learning.

While many tests focus on a child's attainment in core subjects, CAT4 is designed to give schools a much broader, more rounded view of each child, their potential and how they learn. Results help teachers decide about the pace of learning that is right for a student and whether additional support or challenge is needed.

Tasks involve thinking about shapes and patterns (Non-Verbal Reasoning), words (Verbal Reasoning), numbers (Quantitative Reasoning) and some questions are answered by mentally generating and transforming visual images (Spatial Ability).

CAT4 is based on years of research and development. The current edition took five years to develop and the involvement of 25,000 students across the UK. It is a well-known assessment in schools; teachers value its ability to provide an understanding of what a child is capable of rather than defining them by their understanding of a body of knowledge in particular subjects.

How are CAT4 Results used?

CAT4 provides teachers with information that can form the basis for discussions about how best a student can learn and reach his or her potential in school.

Teachers are provided with an individual profile of learning preference along with a range of indicators of likely future performance. Used with other information (such as results from Key Stage 2 SATs, for example), these data can support teaching and learning for all children.

Can students practice for CAT4?

GL strongly advises against any kind of practice ahead of a CAT4 test as this will alter the reliability of test scores. The point of CAT4 is that it is not a test of learnt knowledge and it needs to be as unaffected as possible by any external factors, such as practice. Think of it like an eye test; if you practice ahead of an eye test and memorise the card, your diagnosis may not be correct, and valuable information may be missed.

CAT4 is a timed assessment and is administered under formal conditions. However, each section of the assessment includes introductory information with practice examples, and these will familiarise the children with the style and format of the questions. These sections are not timed and may be repeated.

Is additional time allowed for children with SEND?

CAT4 is a timed assessment, and additional time is not permitted as this will affect the reliability of the results. CAT4 is not just about what and how it tests but how the questions are answered within a set timeframe. The timed element makes it diagnostically very powerful.

CAT4 subtests are generously timed, and most children reach the final questions, however there may have been a minority of students during the standardisation process who would have obtained higher scores if they had been given more time. Therefore, giving extra time to a particular student could give an inflated view of their relative ability when comparing their results with the CAT4 norms.

SCHEDULE FOR CAT-4 EXAMINATIONS WILL BE MADE AVAILABLE IN THE MIDDLE OF SEPTEMBER 2025.

**To: Parents of Year Eleven Students –
ADMISSION TO TWO-YEAR A-LEVEL GCE PROGRAMME**

Dear Parents,

Greetings from St. Mary's Catholic High School Dubai. We invite you to read this circular very carefully as it has important information for parents regarding admission to the two-year A-Level GCE Programme.

We would like to point out very clearly that admission to A-Level is not automatic and is a completely new process.

We would also like to bring to your attention that under the British system, a student completes high school with the completion of YEAR 11. Hence the admission to A-Level is then a process of a 'NEW ADMISSION'.

YEAR 11 students must not re-register for the next Academic year when re-registration comes up for other year groups.

The conditions for a student to be considered for a place in A-Levels are as follows.

- **SHOULD HAVE AN EXCELLENT BEHAVIOUR RECORD**
- **4 SUBJECTS TO BE OPTED FOR**
- **Admissions will be MERIT-BASED ACROSS ALL GCSE SUBJECTS**
- Hold a high-grade **average** in all subjects (Internal Exams) in Year Eleven.
- Should have not had any serious or repeated disciplinary issues over Years Nine through Eleven.
- Should not have engaged in activities, in or out of school, which tarnish the reputation of the school.
- **Hold a minimum attendance record of 95%**
- **Be prepared for an entrance exam in the subject opted for that has not been taken at O-Level**

Those students who take Arabic as a First language and Islamic Studies in A-Level will have to maintain a minimum aggregate attendance percentage of 95% for Arabic and / or Islamic Studies lessons, FAILING WHICH STUDENTS WILL NOT BE ISSUED A SCHOOL LEAVING CERTIFICATE/ATTESTED CERTIFICATES OR RECOMMENDATION LETTERS. Students who do not reflect this 95% aggregate attendance after the first month of enrollment might not be allowed to continue the A-Level programme.

Please note that St. Mary's Catholic High School offers the GCE Advanced Levels Linear Programme which means that we DO NOT OFFER **AS LEVEL CERTIFICATION** at the end of Year 12. This is a standalone qualification, and results are declared only at the end of Year 13.

The whole two-year Programme has to be completed for any equivalency certification.

Please consider all the criteria above while planning ahead with the next phase in your child's educational journey. Parents should also be aware that even if all criteria are met, **competition for places remains very stiff as seats are limited** and therefore, **we strongly recommend that all parents should ensure that their children have a back-up plan. This would include applying to other institutions besides St. Mary's well in advance.**

Thank you for your kind co-operation.

Yours sincerely,

Mr. Paul Asir Joseph
(Principal)

To **Parents of Students in Years TWO to TEN:**
NGRT-NEW GROUP READING TEST YEARS TWO TO TEN

Dear Parents,

Warm greetings. Our school as mandated by KHDA, has to undertake the NGRT for students in Years Two to Ten. The government of Dubai has mandated that all students from ages 6-16 undertake a standardized reading literacy test thrice a year. This year we have to undertake the test thrice. We invite you to read on for further information.

NGRT is a fully adaptive, standardised, termly reading assessment. As it's adaptive, it offers a personalised experience for each student, ensuring it's accessible for those who are struggling and challenging for those who need to be stretched, so you can get to the root of any problems identified precisely and quickly.

There is no more crucial skill for success in any subject than reading, so being able to accurately assess and monitor this is essential. NGRT is proven to deliver a reliable assessment of reading comprehension, set against national benchmarks. Using it regularly helps to quickly spot problems that will hold back a child's progress, with customised practical classroom solutions for each student and the ability to demonstrate the impact of the interventions you put in place.

The amount to be paid for the NGRT is **AED 115/- ONLY**. This amount must be paid only via the **SKIPLY APP**, and a soft copy of the receipt must be emailed to the class teacher. **The deadline for payment is 8th SEPTEMBER 2025.**

The schedule for the tests will be sent with the next weekend circular but will tentatively be in September 2025.

Please note that results will go towards part of the English Language assessment for the FIRST REPORT IN NOVEMBER 2025 and students must undertake the tests seriously as this will count towards attainment in English.

Yours sincerely,

Mr. Paul Asir Joseph

School Timings for YEAR 13 A-Level Students - EXIT PASS

Dear Parents,

Greetings from St. Mary's. With this letter, we would like to inform you about timings for Year 13 A-Level students. As there is a lot of independent and individual study required during the A-Level year, some students prefer to return home early or arrive at school only in time for lessons.

Therefore, Year 13 A-Level students are permitted **ONLY with parental consent**, to arrive at school at the start of their lessons. For example, should they have no lessons scheduled for the first or the second period, they need only arrive for the beginning of the lessons scheduled for them on any given day.

In addition, they are permitted, again **ONLY with parental consent**, to leave school as soon as their lessons are over. Therefore, on any given day, if they have no lessons scheduled after break, they will be able to leave school.

Parents should be aware, however, that the school will not take responsibility for the same students during the time when parents have given their consent to them to be out of school. Neither will the school check whose company your son or daughter is in once they leave school. In light of the rigour of their Academic work, it would be advisable that children go straight home and not socialise in public places. We trust that as parents you will also explain the importance of being safe to them.

We understand that you, as parents, will recognize the ability of your child to take his or her own responsibility, with respect to his or her conduct outside of school.

All students are also permitted and are welcome to remain in the school for the full morning if their parents so wish. During their free time, if students remain in school, we will make provision for them to remain in the library to study.

We would like you, as parents, to indicate below, the choice that you would like to make for your child. The school will respect that choice.

In order to implement this system, we shall be providing all A-Level students with a stamped copy of their timetable for this purpose. **THEY MUST HAVE THIS WITH THEM AT ALL TIMES.** The system will become operative only after classes have settled, practical batches decided on and your consent letters, are processed. Until that time students should be in school for the full day.

Thank you for your kind co-operation in this matter.

Yours sincerely,

Mr. Paul Asir Joseph
