- Students are required to read and complete one full row of challenges (diagonally, vertically or horizontally) to gain entry into the leaderboard
- For every book that they read, students may tick all the challenge that it satisfies.
- Once a student enters the leader board, their claim will be assessed for authenticity.
- They will need to bring the books that they have read for the challenge and they might be asked a few questions about these books.
- From the students who qualify, the top 3 from each year group who has completed the most number of challenges will win prizes.
