KEY DATES IN THE APPROVED KHDA CALENDAR

14 th 15 th & 16 th MAY 2025	Final exams in parallel with regular lessons

5 th & 6 th JUNE 2025	Eid Al Adha (subject to government declaration)
26 th JUNE 2025	Government Holiday
27 th JUNE 2025	Last day of school

Please note that the GL EXAMS usually take place during the month of May and June.

17) PREDICTED GRADES POLICY FOR YEARS 12 & 13: We would like to remind all parents and students to carefully go through this Policy that is available on our school website. The situation that unfolded over the last few years made many children realise, albeit too late the true value of being consistent with their study habits and not waiting until the last minute before exams to prepare and study. It is always best for every child to be **CONSISTENT AND HIGHLY REGULAR** with their study and ensure that they maintain a good level of attainment across all their assessment opportunities and prepare as well as they can for their Board Examinations. This will also help them to achieve better predicted grades as every assessment and examination counts towards the calculation of the same.

18) SUBJECT CHANGE POLICY, YEARS 9 TO 13: We would like to request all parents of children in these year groups to please go through the Subject Change Policy which is available in the Parents' Info section of the school website.

19) SOCIAL MEDIA FREQUENT CHECKS BY PARENTS FOR SECONDARY & UPPER PRIMARY CHILDREN: Parents of secondary and upper primary children are strongly encouraged to kindly make frequent checks of your child's use of Social Media. We have seen in many cases that minor children are being sought out on Instagram, Snap chat and other platforms by much older individuals for chats and conversations. It is important for

parents to know who their children are conversing with to protect them from any potential safeguarding issues. We would also like to remind parents about your children's use of inappropriate content and language on Social Media Platforms which you will be aware of only if you make frequent checks of the same. Please have your child remove himself/herself from private social media groups that are not encouraged or recommended by us at St. Mary's. The school cannot take responsibility for private groups started by students and we strongly discourage the formation of these groups as well as discourage student participation in them. It is once again important here that ALL PARENTS check your children's digital activity frequently including group activity if your child is part of private groups created by students.

20) STUDENT ABSENCES MUST BE INFORMED BY PARENTS: All parents are requested to kindly inform the class teacher via email whenever a child is absent, even if it is just for one day. A simple email with the reason for the absence will suffice but is mandatory. Unaccounted for absences will be marked as unjustified and will be reflected on students' progress reports.

21) NO FEE PAYMENTS MUST BE DEPOSITED INTO THE SCHOOL ACCOUNT: Parents are reminded that fee payments MUST not be deposited into the school account. Kindly come to school if you wish to pay fees in cash so that we can issue the fee receipt immediately.

22) URGENT QUERIES AND CONCERNS: If you have any urgent queries and concerns, kindly send an email to our Vice Principal, Ms. Lise-Ann on l.pinto-smchs@smgeducation.org and she will get back to you. Please include your telephone number in case she needs to call you.

We take this opportunity to wish each and every one of you a safe and happy long weekend.

Yours sincerely

Dear Parents,

Our School will be conducting a **Science project exhibition** this year! The completed project will be due on **22nd April 2025**. This is going to be a whole school fair/exhibition wherein every student is encouraged to participate. Students from Years 1 to 6 will work on their task individually and Students from Years 7 to 10 and Yr 12 will work in groups assigned by their respective Science teachers.

The due dates have been spread out to allow ample time for students to complete the work at a steady, but comfortable pace.

The students' project will be assessed out of 20 marks. These marks are part of their Final Summative average/marks.

A Science project challenges a student to solve a problem/answer a question using the scientific method or design process.

It is a great way to excite children about Science, teach them to think like Scientists and develop their innovative skills.

All work must be completed by the students. Parents/Guardians can help by offering students support and encouragement, as well as monitor the students' progress in the coming weeks.

It should be noted that a successful project does not have to be expensive. Some of the best projects can be completed using materials found around the home. The project may preferably be a working model.

We encourage students to choose a topic that they are interested in learning more about. Projects should be meaningful and related to real-world experiences.

We are very excited to be hosting our Annual Science exhibition! Top projects from each class will be chosen to be entered in the school exhibition and students will present their work/models.

Thank you in advance for supporting your child in such an exciting process of discovery!

The criteria for assessing the project and other details will be posted on GC by your child's Science teacher and will be discussed during their Science lesson.
